Movvo is one of the most innovative Portuguese Companies Founded in 2009, as Around Knowledge. Movvo rebranded to reflect how our platform works. Our team put its efforts together to create an innovative technology that can measure the flow of people in physical spaces. We developed a product that can answer retailers' needs and enhance the shopping experience of our clients' customers. Movvo has a multidisciplinary team composed by Software and Hardware Engineers, Data Mining and Marketing Specialists.
